LOW COST DATA CENTER COLOCATION

Your present circumstances don't determine where you can go;
they merely determine where you start.

Nido Qubein

DECEMBER	5th Harmonics	5th Power Quality	6th Harmonics	12th Schneider Showcase	13th Harmonics

LoCoCoLo was developed for IT Departments that need a basic, inexpensive, off-site data center.

The LoCoCoLo program is designed to provide customers with a place to locate equipment in a secure and safe IT environment. Basic service level agreement includes: power, cooling, monitoring, security, racks and rack power distribution. Other services are available upon request.

Whatever your colocation needs are presently, they will be changing in the future. LoCoCoLo offers products and services that will continue to service your business as your needs grow and change.

LoCoCoLo
is provided by

www.p3-inc.com

The LoCoCoLo facility is discretely located in the heart of the technology center of Omaha, just off the corner of Pacific & 75th Street below our corporate offices.

LoCoCoLo.com

Secure

LoCoCoLo offers 24/7 data center access. All access is restricted by a centralized digital security system controlled by our security administrator.

The building is extremely secure and well designed and was once used as a UL Listed security monitoring station. Security measures include 24/7 monitoring.

Connected

The LoCoCoLo facility is served by a redundant fiber loop. These dual honed internet circuits are also linked to CenturyLink and Level 3 at 10Gig and has an 80% upgrade policy on backbone traffic. This access offers ultra fast 1-3ms handoffs to the tier 1 carriers and is fully IPv6 tested and network ready. Other providers can be made available upon request.

The LoCoCoLo monitoring includes power, temperature, air flow, humidity, and moisture. Features include state-of-the-art fully scalable, in-row cooling and modular power distribution to monitored rack PDUs offering complete flexibility and remote monitoring.

Powered

LoCoCoLo offers clean, filtered power backed up by dual cross tie breakers as well as an onsite generator and Scalable Modular UPS System. The generator supports all facility activities including power, cooling, and monitoring.

Scalable

Modular

Secure

1st Level of Security:
Key Fob Entrance Access

2nd Level of Security, Man Trap:
Key Fob & Closed Door Only Access

Data Center Access
3rd Level of Security:
Bio Metric Vein Pattern Recognition
Access to Data Center
