

To Whom It May Concern

I am pleased to write this letter of recommendation for Laura McDonnold for the open position in your organization. I spent two years as her coworker at Neosho County Community College. We worked together on many of the same projects and I got to know her strengths on a professional and personal level.

One of our most successful projects was the development of the college brand, along with the design of the new mascot. Laura brought a tremendous skill set to the project and worked well as a member of the team to accomplish what we set out to. Together, we also hosted the 70th Anniversary Gala, the then largest to date event at NCCC, reconnecting alumni with the college and ultimately the Foundation. The new brand was implemented during this time, producing tremendous results.

In addition, Laura is a highly skilled graphic design professional and produced top quality work in timely manner for the Foundation, my position at the college in the time I worked with her. She took the time to understand the purpose of each piece, a very important detail with philanthropic work.

As an individual, Laura was a pleasure to work with as she was both pleasant and professional at the same time.

Based on my experience in working closely with her, I recommend her highly for a position with your company.

Please do not hesitate to contact me at (417) 389-9411 if there is any additional information I can provide about Laura McDonnold.

Sincerely,

Michelle Ponce
